Statement of Evidence:

1. The GLO was accomplished by Edwin Lance Jr. in June, 1852.
2. The county records show no reference to this corner.
3. On November 30, 1989, Paul E. Wellen & Associates, Inc., took testimony from a Mr. Raymond Wettgenant, 82 years of age and a long time resident of this township. Mr. Wettgenant's father bought the NE $\frac{1}{4}$  of Section 25 in 1914. He built a fence on the East line of said NE $\frac{1}{4}$  he started at the northwest corner of said NE $\frac{1}{4}$  and ran south with this fence. At this time, the northwest corner of said NE $\frac{1}{4}$  was the middle of the township road. Mr. Wettgenant also mentioned that a couple of years ago, the county had regraded and widened the road top. Mr. Wettgenant showed us where the center line of the old township road was. We extended the fence line north to center line of the old township road and excavated with a back hoe 6' x 6' x 6' deep and found no evidence of said corner. We accepted the testimony from Mr. Wettgenant and set a cast iron monument 6" below grade, in the center line of the old township road and the north extension of fence line south. We made reference ties as indicated.
