1996 John Oliver, LS 8194, Mille Lacs County Surveyor, restored this corner at SPM and placed a 3/4" iron pipe at the centerline of 195<sup>th</sup> Avenue NE (running north and south) and +/-5 feet south of fence line extended from the west. He did not excavate here because there were no post GLO records and the corner location falls in a low area and would have most likely been removed by sub-cutting during construction. A Certificate of Location was filed (#244644).
