2008 Westwood Professional Services, Inc. found the ½" iron pipe we located in 2004 with no change in location. Pipe is 0.27 feet south and 66.56 feet west of the lost position but fits longstanding occupation. Fence line location on the 1/16th corner to the east measures less than a foot of the split position between the ½" pipe and NE corner of the section. ½" iron pipe is accepted as marking the obliterated position for this corner. Coordinates obtained by GPS coincide with 2004 position.
