- 1915 County Surveyor's Record Book 2, pages 362 & 363, and Record Book A, Map No. 13, shows a survey by J.P. Soderstrum, where he set the NE corner of Section 28 from the NW corner of Section 28. He did not find this corner.
- 2001 Westwood Professional Services, Inc. measured the north line of Section 28 at 5196.65 feet and computed the corner at the lost position, midway between section corners. This position fit with a fence line to the south extended north. Lost position agrees with Soderstrum's survey in 1915.
County Coordinates to lost position – do not use until NE corner verified.
