Signature *Jerome C. Woltstock* Date 3-24-2008 License No. 19552  
Title:  Land Surveyor  Professional Engineer  County Surveyor  County Engineer

**Statement of Evidence:**

**L061**

The North Quarter Corner of Section 6, Township 36 North, Range 30 West, Minden Township, 4<sup>th</sup> Principal Meridian, Benton County, Minnesota.

1849 Original US General Land Office survey set a wood post in a mound with pit 6 links east.

1917 County Surveyor's records contain a subdivision of Section 6 by R.H. West which shows all 40 corners set. Survey notes a stake at the corner location with distances of 2659 feet to the NE corner and 2677 feet to the NW corner. (This indicates that corner was set lost.)

1988 Bruce Skipton, LS 17768, found no evidence of the corner and set a cast iron monument at a single proportionate distance from the NE and NW corners of Sec 6. A Certificate of Location (#191329) was filed that shows corner in east-west town road.

2007 Westwood Professional Services, Inc. found a CIM at centerline of east-west road and established reference ties. The CIM fits a single proportion between the northeast and northwest corners within 0.1 feet.

 DOCUMENT NO. \_\_\_\_\_

Statement of Evidence:

NORTH QUARTER CORNER SECTION 6, T36N, R30W, 4TH P.M

1. During the G.L.O. Survey of 1852, Mr. Theodore Conkey a U.S. Deputy Surveyor, set a wood post to mark this corner.
2. Benton County's old Surveyor's book provided no information to relocate said corner.
3. On June 23, 1988, Paul E. Wellen & Associates Inc., dug with a jackhammer at the single proportionate distance from the northeast corner to the northwest corner of said section and found nothing. We set a cast iron monument, by the lost method procedure, on a single proportionate distance from the northeast corner to the northwest corner of said section and established reference ties as indicated.
