**NO-SPRAYING FORM**

**For voluntary non-chemical self-control of roadside noxious weeds and brush**

I, \_\_\_\_\_, hereby agree that I do not wish to have weed or brush spraying done adjacent to the segment of county road described below, and I will voluntarily control the weed and brush along this area of road right-of-way prior to June 15<sup>th</sup> of each year.

I further agree that I will place clearly visible "NO SPRAY" signs at each end of the road segment not to be sprayed. These signs must be located off of the road right-of-way, may be permanent or temporary and must remain intact and visible through the entire growing season of the year the road adjacent to my property is to be sprayed.

I further agree and understand that if the weeds/brush are not controlled to the satisfaction of the Benton County Highway Department with respect to county policies for safety of the traveling public and noxious weed control by June 15<sup>th</sup> of each year, the County may spray this segment of road, even if the signs are in place.

Benton County Road #: \_\_\_\_\_

Township, Section: \_\_\_\_\_

Clearly describe road segment that is to be voluntarily controlled, both starting point and ending point. Use adjacent-to-quarter-quarter description, mile marker, adjacent to address or other means of clear description of the road segment:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Name and telephone number: \_\_\_\_\_

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

Notice: Roadside segments that are regularly mowed as yard or have continuous standing water are not sprayed, therefore this form is unnecessary under those conditions.
